

NOW ACCESS 23 years of AIP journals ONLINE

For members of AIP Member Societies, a subscription to AIP journals includes online access back to 1998. In 2003, we're offering extended access to our large body of scientific literature back to 1975. This impressive amount of newly digitized material provides you with more than 150,000 additional articles online.

For an annual maintenance fee of only \$35 each (\$55 for *The Journal of Chemical Physics*, *Applied Physics Letters*, and *Journal of Applied Physics*), you can access the entire 23-year backfile — more than tripling the number of articles available online with a regular subscription. While research in many scientific disciplines rapidly becomes obsolete, the results obtained in physics often remain sought after for many years.
